ARIES

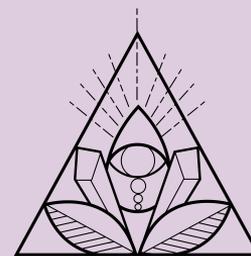

Fun-Action-Leadership

Mantra: “We can do it”

Aries says up and at ‘em! The Aries moon is a moon of creativity an action, getting projects off the ground and using momentum to power through tough patches.

TIP

Make time this week to create! Finger paint or craft or write a song, anything to get your creative juices flowing. The only rule is to hang the rules!

NEW MOON

Reflect - Prepare - Give Thanks

The Full Moon comes at the apex of the moon cycle, making it a time to reflect on the beginning of the cycle, and prepare for the finale. Offer thanks for the work that has been completed, review whether or not you're headed in the right direction, and then either change course or prepare for full steam ahead tomorrow.

TIP

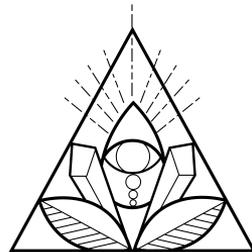

Make a list of all projects or goals that you have in progress. Take a moment to really remember all the steps you've taken towards each goal and why you began in the first place, then, decide what your next steps are and write them out beside each bullet.

Journal

The moon in Aries is for experimentation, creativity, and moving forward:

What creative energies can I play with today?
